CANAL BUILDERS EXPECTING SHAKES

Vulnerable Points Are Being
Strengthened Along Con-
struction Lines

PORT LIMON, Feb. 11.—
Reports today from the vil-
lages at the foot of the vol-
cano Poas, stated that eighty
persons were killed in the erup-
tion occurring early in the
week. The deaths were caused
by the enormous stones hurled
from the crater.

Scientists say that terrestrial
disturbances in Central Ameri-
ca and in the Panama canal
zone may be expected. Offi-
cial warnings have been sent
to the canal authorities to
strengthen all the vulnerable
points along the construction
lines preparatory to the pre-
dicted quakes.

MRS. FOLTZ NAMED ON CHARITY BOARD

First Woman to be Appointed
Member of State
Commission

LOS ANGELES, Feb. 11.—Mrs.
Clara Shortridge Foltz of this city,
the first woman admitted to the
practice of law in California, has
been appointed a member of the State
Board of Charities and Corrections.
She is the only woman on the com-
mission, and when her certificate
was filled out in the office of the Sec-
retary of State it was found neces-
sary to strike out the word "his" and
insert "hers" on the engraved form.

HALLEY'S COMET IS NOT TO POISON US

Prof. Rickard Says 40,000
Years of Comets Coming Not
Resulted Badly Yet

SANTA CLARA, Feb. 11.—Rev. Je-
rome S. Rickard, director of the Santa
Clara College observatory, has is-
sued a statement today deprecating
the opinion of the other scientists
that the cyanogen in the tail of Hal-
ley's comet will poison the earth. He
stated that there is practically no
danger, and it is better to stand by
the facts than the theories of chem-
istry. He said that for more than
40,000 years comets have been com-
ing, yet there is no mention in his-
tory of a single case of comet tail
poisoning.

BALLINGER COMMITTEE ADJOURNED TODAY

WASHINGTON, Feb. 11.—The com-
mittee investigating the Ballinger-
Pinchot controversy held a brief ex-
ecutive session today and then ad-
journd until Friday, because At-
torney Brandeis, Glavis' lawyer, was un-
able to be present.

Republican County Central Committee meets Tomorrow

J. W. Morrison of Orange, chair-
man of the Orange county Republi-
can central committee, has called a
meeting of that body for 2 o'clock to-
morrow afternoon at the Chamber of
Commerce rooms at the city hall in
this city. Notices to that effect have
been sent out by N. A. Ulm, secre-
tary of the committee. The call for
the meeting states that the meeting
is called to take up any business that
may come before it. Just what busi-
ness the chairman expects will come
before the meeting is not stated.
It is possible that Morrison will
hand in his resignation as chairman
of the central committee. Morrison
has recently sold his ranch at Or-
ange, and expects to move out of the
state.
The central committee will prob-
ably be called upon to ratify the ap-
pointment of three new county cen-
tral committeemen from outside dis-
tricts, as well as the appointments
made for the new precincts in Santa
Ana and the new Bay City precinct,
the appointments for which were
made several weeks ago.
Recently appointments have been
made by Morrison to fill vacancies
on the committee caused by resigna-
tion. These appointments are: For
Bolsa, J. Howard Bell, to take the
place of Bert Warner; for Buena
Park, J. S. Perry to take the place of
S. O. Walker; for Silverado, A. B.
Tiffany, to take the place of James
Conley.

DR. HYDE IS UNDER ARREST

Charge of Murder is Placed
Against Him at Kansas
City Today

KANSAS CITY, Feb. 11.—Dr. Ben-
nett Clark Hyde was formally charged
with the murder of Colonel Thom-
as H. Swope and placed under ar-
rest late yesterday afternoon. He
gave bail in the sum of \$50,000, and
returned home in time to take din-
ner with his wife, who is a niece of
the slain philanthropist.

KANSAS CITY, Feb. 11.—Probably
the sick wife of Dr. Hyde is the only
one who doesn't know of his arrest
and release on \$50,000 bail for the
murder of Col. Swope. Hyde consult-
ed his attorneys and appeared cheer-
ful but expressed anxiety over the
condition of his wife.
Prosecutor Conklin's act in releas-
ing a man charged with murder in the
first degree caused much surprise as
it is an unusual proceeding.

JAMES R. GARFIELD TO BE QUESTIONED

WASHINGTON, Feb. 11.—James
R. Garfield, ex-Secretary of the In-
terior Department, will take a promi-
nent part in the investigation con-
troversy. Pinchot today requested the
committee to subpoena Garfield, in
order that the former secretary's tes-
timony might be heard. There is
much speculation concerning what he
will say. Frederick Newell, director
of the reclamation service, and Ar-
thur Davis, chief engineer of the re-
clamation service, also are mention-
ed for subpoenas.

REPORTED VESSEL ON MAJORCA SHORE

PALMA, Majorca Island, Feb. 11.—
It is reported that the French Atlan-
tic liner is foundered off the north
coast of this island, with only one
passenger saved. The island is the
largest of the Balearic group in the
Mediterranean, 115 miles southeast
of Barcelona.

STREET CARS COLLIDE

LOS ANGELES, Feb. 11.—With a
crash that was heard for blocks,
University car 375, in charge of Mo-
torman T. E. Poor, ran into a west
bound Pico Heights car at the cor-
ner of Pico and Flower streets about
12:30 o'clock last night. Miss J.
Armstrong and Mrs. J. P. Pilner
were strongly injured.

RUSSIA'S CZARINA IS SERIOUSLY ILL

EYDTKHUNEN, Russia, Feb. 11.—
The Czarina's illness took a serious
turn today, and she was unable to
recognize the Czar or her children.
She is suffering from recurrent hy-
steria and melancholia, to which she
has been subject for several years.
It is feared her death is a question
of only a short time.

REAL NATURE OF ILLNESS PROBABLY CONCEALED

LONDON, Feb. 11.—The real nature
of the Czarina's illness is probably
concealed in the official dispatches
which are censored. It is popularly
believed that she is suffering from an
affection of the brain caused by con-
stant fear of anarchistic and nihilistic
plots.

NEWSPAPERS AGAINST HIM

Poll Taken by Chicago Tribune
Shows Attitude of West-
ern Press

CHICAGO, Feb. 11.—The Republi-
can newspapers of the west stand in
the ratio of 5 to 1 against the re-elec-
tion of Cannon to the speakership
of the next Congress, while the poll
shows a ratio of 18 to 1 against his
re-election among the independent
newspapers west of and in the vicin-
ity of Chicago. The poll was con-
ducted by the Chicago Tribune. It
asked the question:
"Is Cannon your choice of speaker
of the next Congress?"
"Do you endorse the Aldrich-Can-
non tariff law, and the Aldrich-Can-
non organization of the Senate and
House?"
The editors overwhelmingly an-
swered no to the queries.
California newspapers voted on the
questions as follows:
Question No. 1—Republican, yes,
22, no 99; Independent, yes 3, no 38.
Question No. 2—Republican, yes 29,
no 119; Independent, yes 3, no 36.

Father of Troth to Miss
Eleanor Alexander

NEW YORK, Feb. 11.—Theodore
Roosevelt, Jr., is an engaged young
man, and yesterday sent a cable mes-
sage to his father in Africa apprais-
ing him of the fact. The fiancée of the
president's son is Miss Eleanor Alex-
ander of this city, who is pretty, tal-
ented and a social favorite. The
young woman is also a close friend
of Miss Ethel Roosevelt. The engage-
ment was publicly announced yester-
day.

STEAMSHIP LINE FROM SAN DIEGO TO LONG BEACH

LONG BEACH, Feb. 11.—A steam-
ship line may be established be-
tween San Diego and Long Beach.
Behind the present scheme is John
Craig, of the Craig shipbuilding plant,
it is claimed. It is proposed to run
a steamship larger than any of the
Banning boats to San Diego. The
tentative schedule calls for the boat
to leave San Diego in the morning
and arrive here in the afternoon. The
liner would start for San Diego late
in the evenings.

WATER IS CUT OFF FROM 1000 FAMILIES

PASADENA, Cal., Feb. 11.—
Following their protest that
the Cotton Canyon Water Com-
pany is charging too much for
water in the "Dry Tract," the
company today shut off the wa-
ter from 1000 families and or-
dered its connections with the
mains of the North Pasadena
Water Company severed. A spe-
cial meeting of the council was
called this afternoon to con-
sider measures towards relief.
Meanwhile the city is sending
water carts to the tract, supply-
ing housewives.

CAMPAIGN PLAN TO REACH CAPITAL

Rebels Won Decisive Victory
at Lagarita, But Had
to Retire

(Staff Correspondent United Press.)
BLUEFIELDS, Feb. 11.—It is the
belief that General Chamorro, the in-
surgent commander, is merely await-
ing an opportune moment to move
upon Managua. He has 3000 trained
troops, who are well drilled and
equipped.
It is apparent that the engage-
ments precipitated by the rebel gen-
eral, Mena, was part of a well plan-
ned campaign which General Cham-
orro intends to execute before attack-
ing Managua. General Mena's part
was to hold the administration troops
in check while Chamorro cleared the
way to the capital.
Couriers arriving today report that
the rebels won a decisive victory at
Lagarita, but were compelled to re-
tire before the government's troops
at Santa Clara they.

SEEKING MAN WHO IS TWICE A MURDERER

TYLERTOWN, Miss., Feb. 11.—As
slayer of his sweetheart, Inez Walker,
and her father, Sylvester Bearden is
being sought by a posse ordered to
take him dead or alive. Also it is al-
leged Bearden clubbed Walker's chil-
dren with the butt end of a shot gun
and their death is expected momen-
tarily. It seems the father of the girl
objected to his calling on his daugh-
ter and ordered him to leave. This
angered Bearden. He seized a shot-
gun and shot the father and daughter
and clubbed the children.

FOWLER IS NAMED AS "TRUST BUSTER"

WASHINGTON, Feb. 11.—James
A. Fowler of Tennessee, will succeed
Wade Ellis as assistant to the At-
torney General, and "official trust bust-
er." Mr. Fowler has been an assist-
ant in the office of the Attorney Gen-
eral for two years, having direct
charge of the government's peonage
cases. President Taft left the nam-
ing of Ellis' successor to Mr. Wick-
ersham.

BUENOS AYRES IS SURE CHARCOT IS POLE DISCOVERER

Quick Return of Antarctic Ex-
plorer Gives Rise to the
Belief

BUENOS AYRES, Feb. 11.—It is
confidently believed here that Dr. J.
M. Charcot of Paris has discovered
the South Pole.

Dr. Charcot set sail from Punta
Arenas fourteen months ago in the
Pourquoi Pas, which had been fitted
out in France for Antarctic explora-
tion.
The captain of the steamer Sud
which arrived at Punta Arenas today,
reported that he had spoken to the
Pourquoi Pas, anchored at Port Gal-
lant, in the strait of Magellan. Dr.
Charcot exchanged greetings with
him, but refused all requests for in-
formation as to the results of the ex-
pedition. The tone in which this was
done seemed to have a marked effect
upon the master of the Sud.
The fact that Dr. Charcot has re-
turned in less than two years, the
time he had intended to give to his
task, aids the belief that he may
have found the pole. The Pourquoi
Pas is expected any day in this port.

OCT. 3 TO 8 SELECTED FOR PRODUCTS CARNIVAL AND GRAND ENCAMPMENT WEEK

Grand Master of Odd Fellows Confers
With Executive Committee of 1910
Carnival and Is Well Pleased

The 1910 Orange County Carnival of Products execu-
tive committee met yesterday afternoon with Grove L. John-
son, grand master of the Odd Fellows, and talked over
plans for the entertainment of the Odd Fellows during the
grand encampment to be held in Santa Ana and for the Car-
nival of Products. The result of the meeting was that the
week of Oct. 3 to 8 was selected as Carnival week.

Officers elected for the carnival executive committee
are O. H. Coulter, president; G. E. Shriver, vice-president; P.
S. Roper, treasurer; N. A. Ulm, secretary. The members of
the executive committee are: For the City Trustees, Coul-
ter; for the Merchants & Manufacturers Association, Shriver
and Ulm; for the Chamber of Commerce, O. M. Robbins and
Roper.

The grand encampment and car-
nival week's program has been laid out
as follows:
Oct. 3 (Monday)—Odd Fellows be-
gin to gather for grand encampment.
Oct. 4—Reception to Odd Fellows.
Oct. 5—Grand encampment ses-
sions begin and continue through to
Oct. 8.
Oct. 6, 7 and 8—Orange County Car-
nival of Products.
Grand Master Johnson said that he
had officially visited seventy lodges of
the Odd Fellows and has about forty
still to visit before the grand en-
campment. He said that all over Cal-
ifornia there is great interest in the
coming encampment, that big delega-
tions would be here from the northern
end of the state, and all in all he ex-
pected the grand encampment to be
the biggest the Odd Fellows have had
in this jurisdiction.
He will go forth a booster for Or-
ange county, for he was enthusiastic
over the county and the prospects for
the entertainment to be given the vis-
itors. He said that between 2000 and
3000 visitors would attend the grand
encampment aside from the large
number of Odd Fellows who would
come from nearby towns in Southern
California.
The executive committee yesterday
readopted the name for the carnival,
the Orange County Carnival of Pro-
ducts, and officially settled upon Oct.
3 to 8 as the date for carnival week.

COMPLEMENT SANTA ANA

Pomona Officials Are Well
Pleased With Their Visit
Here

That Santa Ana has more paved
streets and is further advanced with
her public works and institutions
than any other city her size in the
state, is the declaration of members
of the party of Pomona city officials
visiting here today. The Pomona
men are on a tour of the cities of
Southern California for the purpose
of investigating street paving, for
the reason that Pomona expects to
put in twelve or fourteen miles of
paved streets very soon.
The officials arrived here from San
Diego last night. This morning they
were shown over the city by mem-
bers of the city council, Street Su-
perintendent Ward, Water Works Su-
perintendent Reid and City Attorney
Heathman.
The city was highly complimented
upon its city hall, school buildings,
paved streets and water works, and
the county upon its fine courthouse
and courthouse grounds. The officials
were particularly interested in the
municipal water works, which is well
known to be the most successful
municipal plant in the state.

MONTANA TOWN LOOTED BY TWO MASKED BANDITS

BUTTE, Feb. 11.—Bandits looted
the town of Divide last night accord-
ing to messages received here today.
Two masked men entered the postof-
ice, blew the safe and stole its con-
tents, robbed the general store, held
up the night clerk of the Divide hotel,
terrified the inhabitants and then
rode away with about \$500.

BURNING HOME WAS FATAL FOR THREE

CHARDON, O., Feb. 11.—Mrs. Nancy
Mayes, an invalid aged 66, trapped in
an upper story with her nurse, Mrs.
James Covert, aged 50, who tried to
rescue her, perished in a fire that des-
troyed her home today. Hubert Hayes,
aged 70, was found unconscious in the
snow in the front yard. He was in-
jured fatally while escaping.

OLD SOLDIER FOUND LIFE
TOO MUCH OF A STRUGGLE

BERKELEY, Feb. 11.—Unable
to continue the struggle for ex-
istence in the face of the in-
creasing cost of living, N. E.
Williams, a civil war veteran,
early today shot his wife and
then suicided at his home. The
aged man fired at the sleeping
wife and then put a bullet into
his own brain. The widow said
today that Williams had been
out of work for some time, and
found it hard to get along. He
had talked things over with her
and went to bed feeling
"very sad and old, and so hope-
less that life seemed a failure."
Williams lost his place as a
grocery clerk recently.

TALK OUTLET TO NEWPORT BAY FOR SEWER

Matter of New Outfall is Being
Discussed by the City
Officials

IMPORTANT MOVE BEING CONSIDERED

Proposed Change Would Give
Entire City Connections
With Sewers

The city trustees and other
city officials are seriously tak-
ing up the plan of building a
new outfall sewer for Santa
Ana. The plan is still in the
rough, but its principal feature
is for an outfall leading to New-
port Bay.

Officials for a long time
have believed that eventually
this city would have to have an
outfall reaching to the ocean,
and it is thought that putting
something that ought not be
postponed.

At the present time there is
a portion of the city on the
south side that cannot have
sewer connections, the outfall
to the west being too high for
the mains to reach it. With
the proposed outfall no part of
the city need be without sewer
connections.

nardino valley, died yesterday, after
an illness of several weeks. Mrs.
Crafts was 85 years of age and a na-
tive of New York.
With her husband, E. P. Rollins,
she came around Cape Horn on her
honeymoon fifty-six years ago and
settled in San Bernardino fifty-two
years ago, opening the first school
in this valley. She wrote a history of

ago.

REQUEST WORK EXTENDED TO BEYOND RIVER

The Pacific Electric has a gang of
men at work laying track on West
Fourth, their right of way to be
double tracked as far west as Baker
street, continuing the double track
as far west as it is proposed to pave
the street with rock and oil macadam.
This morning a meeting of repre-
sentatives of the city trustees, Mer-
chants & Manufacturers' Associa-
tion and Chamber of Commerce was
held at the merchants' rooms for the
purpose of considering the presenta-
tion to the Pacific Electric the ad-
visability of extending the double
track west to the switch, beyond the
Santa Ana river. The business men
believe this double track would fa-
cilitate the passing of cars, inasmuch
as at present the car bound toward
Santa Ana often has to wait at the
bridge for the out-bound car to pass.
The committee appointed to take
the matter up with the railway offi-
cials is composed of G. W. Minter,
C. W. McNaught, N. A. Ulm and
James Irvine.

DISCOURAGES MAKING OF GIFTS TO GRADUATES-- AGAINST HOME STUDYING

The Department of Public Instruction of the State of California has issued the following to California school men and women and others interested in education:

The following rulings, opinions, counsels and comments, which are of more or less general interest, are taken from letters and bulletins issued recently by the Superintendent of Public Instruction in response to the many demands for information of

this kind that center in this office:

Discourage Gifts to Graduates

Admiration is easily given to the love and loyalty and pride in their offspring that leads people to reward them publicly on their graduation day by gifts of lovely gold watches, hand-some books, splendid baskets of flowers, rich necklaces, bracelets, and what not.

The ceremony of presenting these things amid the plaudits of the admiring multitude is a pretty one, spectacular and altogether charming. But there is another side to it. It must not be forgotten that the public school is the rightful home of all the people; and that among the people must always be many who can not have gold watches on graduation day.

Hell hath no torment like the feelings of a sensitive child who is publicly slighted before his mates-- whose clothes are poorer, whose flowers are cheaper, whose gifts are conspicuous only by their absence.

Those cuts are deep. They leave painful poisoned wounds that are felt for fifty years and more. True, nothing of this shows out at the public function, all so gay and joyous; but it is true, nevertheless. It is a cruel fact.

It is to be regarded as a humane and patriotic thing for high school officials of this State to do all they can in the years of the future to obscure the pecuniary inequalities of their students, and especially to prevent these inequalities from showing forth to the assembled world on graduation night.

Avoid Indefinite Salary Contracts

Many rural schools, not knowing just how much money they will have at the end of the year, are in the habit of making a contract with their teacher and janitor for, say eight months or nine, with more "if funds allow."

This seems all right at the beginning, but it often looks very different at the end. It has given rise to more disputes and trials and troubles than any other one cause.

Perhaps the teacher is a misfit and the school a failure--the trustees are held for the tenth month to the bitter end. Possibly there is a dispute as to what the phrase "if funds allow" really means.

Sometimes the teacher lays claim to the whole balance on hand for the last month's work, as in a recent case, where some \$278 was so demanded.

The best plan is to make a square contract out and out for the number of months one is sure of, with no strings to it at all. Let the extra month take care of itself until the trustees know what the fund will be. If another month be advisable, they can always arrange for it then.

Home Study Usually Undesirable

All the study from books that is good for children can, as a rule, be acquired by them during school hours. Of course, it may sometimes be necessary for a time in exceptional circumstances, but as a general plan home study is undesirable. It is absurd to see little, thin-legged boys carrying great arm loads of books home at night.

Moreover, when they take their studies home, they are a nuisance to the family. The ordinary American home does not afford a special study-

room for the child, warmed and lighted and free from interruptions.

So the studying must be done in the family living room, with the younger children around, with conversation and the household work going on, with visitors coming and going. The youngster worrying over his lessons interrupts the home life and is himself interrupted by it.

He gets into slipshod habits of study, and thinks he is studying when he is only fussing. He does not have at hand the maps, books of reference, writing and drawing materials that are so often necessary to efficient work.

It will be better all round and better in the long run if the children do their studying at the school and be free from school work outside of school hours.

Genuine musical comedies are few and far between, as so many of them are made up of absurd situations and vulgar lines. It will be welcome news to all playgoers here to learn that the noted prima donna comedienne, Dorothy Morton, will be seen here, supported by a superb company, in J. J. McNally's musical comedy, "Widow Jones," at the Grand Opera House Monday evening, Feb. 14.

The following speech of "Widow Jones" is very appropriate at this time, when the fair sex are clamor-

DOROTHY MORTON

ing for equal rights: "You know man is a peculiar animal. It is absolutely necessary for him to be in love, and as long as you are married to him, it is just as well to have him in love with his own wife as with some other fellow's. And when he comes in at three in the morning and takes off his shoes in the lower hall-way and goes to bed in his clothes, don't force him to say he came in at eleven, took his shoes off so as not to disturb you and slept in his clothes to crease his trousers. If you don't believe him, it will make things very uncomfortable, and if you do, he will have no respect for your intelligence. And don't constantly remind him of some fellow you might have married. It may make him mad to think you didn't."

Y. M. C. A. AQUEDUCT WORK

That is a good work the Y.M.C.A. is doing along the Los Angeles aqueduct, in furnishing the laborers there little conveniences, reading rooms, amusements and generally making life easier and more palatable for them. The helping hand is extended to help them up when down and keep them up when not down.

"I am going to get on the water wagon," says one of them. "The last time I was in Los Angeles I blew \$96 and then hiked 150 miles to get a job." At the time he was speaking he had a Los Angeles saloon keeper's receipt for \$36 which he then turned over to the Y.M.C.A. to collect and save for him, saying that he was going to settle down and be a respectable citizen.

Time was when Ireland was pre-eminent in manufactures, but being oppressed by England, she went into politics and has been in it ever since, in the mean time losing her industries and growing poorer. But an awakening has now occurred, and a revival of industry is taking shape with the prospect of her people again being busy turning the wheels of prosperity. The indications are that the Irish people are at last coming under the proper leadership, and working their way up to a state of independence, or "home-rule," through the development of their industries. This is the sure way of doing it, and here's to the success of the men who are heading the movement.

Six men and one fool blown into atoms is the record at Phoenix of a disaster that would have been safely avoided had the fool been other than a fool. He was a motorman of a gasoline car and insisted on running it past a blast that was hanging fire, though signalled to stop. Now the car and the fool and six engineers who were on the car are all missing. The only consolation is that if it had not happened so, he might have caused the death of hundreds the next time.

And now the grocers of San Francisco propose to appeal to the Governor to start an investigation of and concerning the high price of living. They contend that the grocers are not to blame and that an inquiry into the operations of the wholesalers will show who is. Let the good work go on. If the public is being buncoed, the sooner it is stopped the better, and if not, we will all cheerfully pay the prices asked.

Did you ever see a baby born with a full set of teeth? Well it's a fact. Of course it happened at Chicago, as it could not possibly have occurred anywhere else.

Astonishing Results of Robinson "Turkish" Bath at Home

—Many startling results have been produced by the use of the Robinson Thermal Bath. Prominent physicians are abandoning drugs in many cases for this new treatment.

Open up the pores and the change seems almost miraculous; nerves are strengthened at once, kidneys get well; eczema, pimples and skin diseases vanish; bad colds, lumbago, rheumatism, dyspepsia, throat and lung trouble, insomnia and constipation disappear.

Every man or woman can now have a Robinson Thermal Bath at home, at a cost of but a few cents.

This can be done only by the Robinson Thermal Bath Cabinet which is a model of ingenuity. No matter what the size of your purse, you can have one of these cabinets.

The Robinson Thermal Bath Cabinets are now being exhibited and are on sale in Santa Ana at the Rowley Drug Co., and in Tustin at the Tustin Drug Store.

Ask the dealer also for that great book, "The Philosophy of Health and Beauty." The regular price is \$2.00, but now free for a limited time.

If you cannot go and see these cabinets, just send your name and address today to the Robinson Mfg. Co., Suite 34, Snowflake Bldg., Toledo, Ohio, for all illustrated information free.

Coming Masquerade

The local council of the Fraternal Aid of this city has issued invitations for a masquerade ball to be held at Elks Hall on next Wednesday night. A good time may be looked for as the Fraternal Aiders have a fine reputation as entertainers.

Balboa House Party

A party of school girls will have the jolliest sort of a time at Balboa next week, one or another of the girls' mothers acting as chaperone. The girls are Misses Linda Yarnell, Phyllis Cope, Ruth Visel, Elsie Lutz, Louise Grubb, Violet Twist, Jennie Robertson.

Valentine Party

St. Valentine's gentle sway is being felt in social circles, and the various functions are more or less tinged with the Valentine atmosphere. A party given last night in honor of the birthday of Mr. Lloyd Babbitt, was wholly given over to the spirit of the week, as far as decorations and diversions were concerned. Streamers of red and white crepe paper and

red hearts in great abundance adorned the rooms, and games appropriate to the season were played. From a postoffice where St. Valentine's agents made temporary headquarters, everyone got comic valentines. Then there was a fish pond, where all the fishes proved to be candy hearts. By matching these candy hearts partners were chosen for supper, for which an appetizing menu of chicken and peanut sandwiches, pickles and olives, ice cream and cake had been prepared.

Not only was the birthday of Mr. Babbitt celebrated, but that of several relatives whose birthdays had taken place within a few days, so there was an extensive exchange of gifts.

Those present were Messrs. and Mesdames George Barnett, Worth Babbitt, Leslie Haver, James Watters; Mesdames C. B. Lacock of Hiawatha, Kas.; Misses Nancy Haverfield, Besie and Merle Watters, Mildred Heninger; Messrs. Joseph Baubit and Chaiton Watters.

For House Guests

Mr. and Mrs. R. E. Reed, of First street, Tustin, pleasantly entertained last night with progressive whist, with six tables of players engaged. The affair was in honor of Mr. and Mrs. Geo. H. Young of San Francisco, and Mrs. E. R. Mauvy, house guests of the Reeds. Mr. and Mrs. Young have just returned from the East, and Mrs. Mauvy is in Tustin for future residence.

Besides the card games, the guests were entertained by vocal numbers given by Mrs. James S. Rice and Percy Rice. Mr. James S. Rice also pleased the company by some of the comic selections for which he is famous.

The house was decorated with greenery, smilax being largely used. Dainty refreshments were served on the card tables.

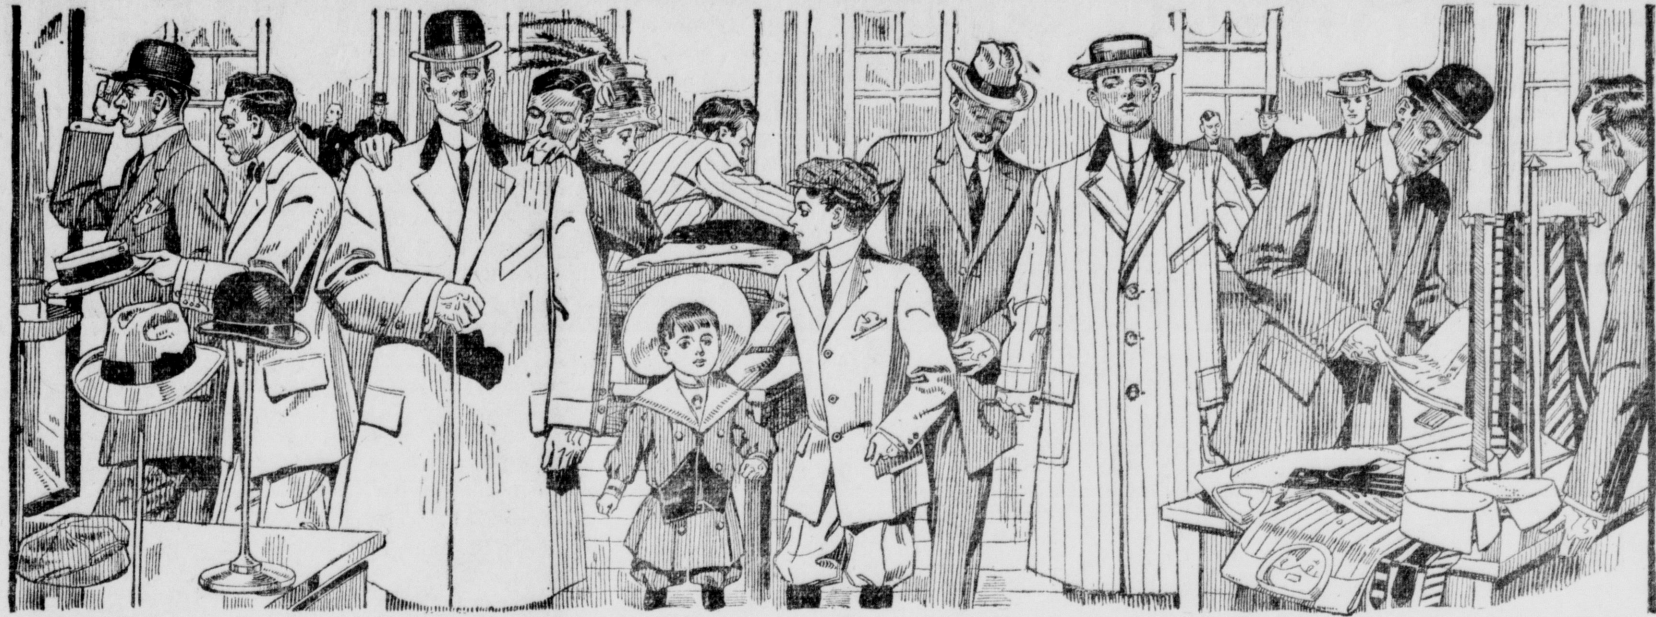

Clover Club Meeting

The Clover Club met at the home of Mrs. Wiley in Orange yesterday afternoon, the ladies taking with them their needle work. This with conversation and refreshments filled out a pleasant afternoon. The house was decorated with flowers and ferns.

of the week was the Valentine social Wednesday night, following the business session of the lodge. Shooting at hearts was the principal pastime and made no end of fun. Mrs. Susan Mullinix was the winner of the first prize, and Clyde Bishop was satisfied with the consolation. Other features of the evening were a reading by Miss Olga Conwell and a piano solo by Mrs. Herbert Allen. Heart-shaped cakes and coffee were partaken of by the large company present. The chairman of the entertainment committee for February is Miss Margaret Bowen.

A Thimble Party

The second pleasant event enjoyed by the Torosa Rebekahs was a thimble party given to the officers and the staff yesterday afternoon by Mrs. W. M. Clayton, the noble grand. Mrs. Clayton proved a most efficient hostess, and the afternoon passed delightfully with needlework and conversation. Very dainty refreshments were served by the hostess.

The guests invited included Mesdames Ford, Lacy, Buck, Moore,

For Mrs. Johnson

Last night the ladies of Torosa and Sycamore Rebekah lodges, responding to the invitation of the Odd Fellows, pleasantly entertained Mrs. Grove L. Johnson, wife of the visiting grand master of the Odd Fellows of the state. The hostesses were Noble Grand Mrs. W. M. Clayton of Torosa lodge, with her staff of officers, and Noble Grand Mrs. A. E. Bird of Sycamore Rebekahs, with her officers. An informal reception for Mrs. Johnson was followed by a visit to the Temple Theater, the ladies going in a body.

When the session of the Odd Fellows was concluded, the Rebekahs were invited into the auditorium, where they listened to the grand master's address. They were also guests at the banquet tendered to Grand Master Johnson after the open session was concluded. The entire evening was delightfully spent.

GRADUATES WILL RECEIVE DIPLOMAS

Tonight at the Grand Opera House the mid-winter commencement exercises of the Santa Ana High School will take place. The orator of the evening will be Dr. Jean F. Loba, a man of fascinating address, who has traveled extensively, and who is in much demand as a lecturer. He will take as a theme for his address, "The Student's Torchlight," and it can be safely said that his hearers will be given an oratorical treat.

Pleasing features of the program will consist of orchestral selections and musical numbers by the popular High School Glee Club. No salutatory nor valedictory orations will be given, owing to the length of the program. Those winning the honors of the class are Miss Mildred Mansur, valedictorian, and Miss Elaine Jackson, salutatorian.

A small charge of fifteen cents admission to the commencement exercises will be made in order to help defray expenses. But this fact should not deter the opera house from being filled to its utmost capacity. The program follows:

Music—Orchestra.

Glee Club—Selected.

The prosperous condition of the company appears from the fact that a semi-annual dividend of 4 per cent on the par value of the capital stock was declared, and in addition a snug sum was carried forward as surplus. The dividend warrants will be delivered to stockholders on Feb. 12th.

Visitors at the mill will be well repaid by going over the plant and watching the process of grinding wheat into flour and observing the sanitary and up-to-date method of manufacturing, which complies with all requirements of the pure food law. Improvements in the machinery have been made which make possible the manufacture of flour equal to the best eastern grades, and which because of the saving in freight it is possible to market at a lower price than eastern flour. In blending Kansas and Western Wheat, the local millers have arrived at a combination, which if properly handled will make quite as good bread it is claimed, as the most expensive flour. The product has gained much favor here, and finds a good local market.

The following gentlemen comprise the board and officers of the company: D. C. Pixley, President; A. J. Blee, Vice President; J. A. Blake, Secretary; Bank of Orange, Treasurer; Wm. H. Burnham, P. W. Ehlen, G. J. Mosbaugh, N. T. Edwards, Directors.

LOS ANGELES PRODUCE MARKET

The demand for dried fruit has grown considerably during the past week. All varieties have shown a better movement, owing chiefly perhaps to the fact that fresh fruits are practically off the market, and also to Lent. Raisins are working out of the hands of the packers and into those of the wholesale grocer and commission man and then finally to the retail grocer so fast that there is very little danger that any of the raisins will be left over by the time that the 1910 season opens. The larger buying of the past few weeks has been occasioned by the fact that the market has come to such a position that declines are practically impossible, and with this reassurance, the grocers are buying at present figures, thereby insuring a continued stability of the market. Apples, apricots and peaches are all moving well. Prunes are in fair demand. Prices remain steady on all fruits.

A 2-cent decline was registered in eggs yesterday morning. This is 3 cents that eggs have come down during the week. Only local stock declined, but there was considerable underselling of quotations on Eastern storage goods. Receipts for the day were only 217 cases, as against more than 325 the day previous.

Arrivals of butter were 19,224 pounds. The market was of ordinary kind. No changes were recorded, and the one feature was a better call for creamery extra on account of the lower price established.

Fluctuations on cheese were a feature of the cheese market. Eastern Twins and Daisy came down 1 cent on quotations. Longhorn advanced from 20 to 21 on account of the special demand which has existed for some time on this grade in preference over others. Receipts of cheese were only 845 pounds.

Potato receipts were very small, 312 sacks. The market was rather slow on spuds. Oregon Early Rose were the one variety which sold well. Other varieties were in less than normal demand. No onion arrivals were reported. The market on onions was pretty quiet, but of a more steady tone. There was little activity in beans. No arrivals were reported. Pinks and Lady Washingtons were offered, but there were few buyers on hand to take over the surplus stock. Sweet potatoes were firm, with only 4 sacks reported in.

Celery was so firm that an advance was recorded and the best sold at 3.00 per crate. Brussels sprouts were in call and sold from 7 to 10 cents, according to quality and amount purchased. Tomatoes were unchanged in price and plentiful.

There were practically no fish on the market, with a good demand prevailing. The few which did arrive were taken up at once.

THEY GROW HAIR

Certain Ingredients if Properly Combined Stimulate Human Hair Growth

—Resorcin is one of the most effective germ destroyers ever discovered. Beta-naphthol is a most powerful, yet absolutely safe germicide and antiseptic, which prevents develop- ment of germ matter, and creates a clean, healthy condition.

Phloraphine, although not a coloring matter or dye, is an ingredient well established for its power to re- store natural color to human hair.

Borax, because of its well-defined softening and cleansing properties, is most useful in the treatment of scalp and hair diseases. Glycerine acts as a stimulant to the hair bulbs, and has a soothing, healing and nourishing influence. Alcohol is indispensable in medicine because of its antiseptic, stimulating and preservative qualities.

Rehall "93" Hair Tonic is com- posed of these ingredients and is compounded in a peculiar way, and we believe it is the most effective remedy known to medical science for scalp and hair troubles generally. We personally guarantee it to cure dandruff and scalp irritations and to grow hair, even though the scalp in spots is bare of hair, providing of course there is life and vitality remain- ing in the hair roots.

We want every one troubled with scalp disease, dandruff or loss of hair to try Rehall "93" Hair Tonic. If it does not remove dandruff and promote a growth of hair to the satisfaction of the user, we will without question or quibble return every cent paid us for it. This guarantee is printed on every package. It has effected most satisfactory results in 93 cases out of 100 cases where put to a practical test.

Rehall "93" Hair Tonic is entirely unlike and in every particular different from anything else we know of for the purpose for which it is recom- mended. We urge you to try it at our entire risk. Certainly we could offer no better guarantee. Two sizes, 50 cents and \$1.00. Sold in Santa Ana only at our store.—The Rexall Store, Dean's Drug Store.

Y. M. C. A. RALLYS ARE TO BE HELD HERE ON NEXT SUNDAY, FEB. 13

The State Young Men's Christian Association will hold all day services in Santa Ana next Sunday, with speakers in the various churches of the city for the morning services. A men's meeting at Spurgeon's Hall at 330 and a boy's meeting in the Pres- byterian church at the same hour take up the afternoon and in the evening two big mass meetings will be held, one at the Methodist church and one at the Presbyterian church.

The men's meeting will be address- ed by Ben F. Pearson of Los Angeles, superintendent of the Edison Electric Co.

Mr. Pearson's subject is "A Clean Break," and will without doubt be very interesting as Mr. Pearson is a popular speaker to men.

Mr. W. A. Brown will speak to the boys between 12 and 18, taking as his subject "Sincerity."

Special music has been arranged for both meetings and a large crowd is anticipated.

GRAND MASTER VISITS LODGE

Over 200 Heard His Address Last Night—Auto Tour of the County

Grove L. Johnson, grand master of the Odd Fellows, his jurisdiction cover- ing the state, was the guest of Santa Ana Lodge No. 236, I.O.O.F., yesterday, on an official visit paid to it. The grand master and his wife arrived here at 11:30 o'clock yester- day and was dined at the Rossmore. With Mr. and Mrs. Johnson were C. W. Sheats, Clyde Bishop, N. A. Ulm and W. B. Tedford. In the af- ternoon the visitors were taken on an automobile ride by Mr. Sheats and Mr. Bishop.

The grand master expressed great surprise at the wonderful growth of the county since his last visit here some twenty years ago.

The official visit to the lodge was paid during the evening. Initiatory work was put on, and after it was completed the grand master com- plimented the local lodge highly upon its work.

The lodge room doors were thrown open and the Rebekahs admitted. The grand master delivered an ad- dress to those present, numbering about 200, upon Odd-Fellowship. Rep- resentatives from the seven lodges of the district, those at Santa Ana, Orange, Anaheim, Fullerton, West- minster, Huntington Beach and Whit- tier, were present. A number of talks were given by other Odd Fel- lows. After the speaking a banquet was served.

Mr. and Mrs. Johnson were the guests last night of Mr. and Mrs. C. W. Sheats.

NO MORE WILL THEY WEAR RATS IN HAIR

Huntington Beach News: The girl students of the Huntington Beach Union High School held a largely attended meeting on Tuesday afternoon and resolved to wear "rats" in their hair no more, while attending school. The female members of the faculty agreed to follow the lead of the students in the matter. This "rough on rats" movement will doubtless meet the hearty approval of the male friends of the students and faculty and will, perhaps, inaugurate a need- ed dress reform.
